Hi Kevin,

In advance of our call shortly, I'm sending you a copy of Judge Ellison's CMC order and his rules (along with all of our complaint materials again). We are required to file a "proof reflecting service" of the CMC order and his rules. I understand it is routine to serve these on counsel by email, and ask for a return email from you confirming (1) that you represent the defendants and (2) that you have received the documents.

We can discuss on the call.

Kevin
